Prof. Dr. Shaharyar is a well-known figure in the oncology community of Pakistan. He is known for his dedication and commitment to cancer patients and cancer research. As a physician he has treated more than 150,000 cancer patients in the last 35 years of his career. He has received National Human Rights Award 2016, from Ministry of Human Rights, Government of Pakistan for his advocacy to declare Health Care as a Fundamental Human Right. He is the founder of Cancer Care Hospital & Research Center, a large charitable 400 bedded hospital, spread over an area of 27 acres at Raiwind Road Lahore.

Two blocks have been completed and radiation services have been started.

It is Pakistan's only hospital providing 100% free of cost radiation treatment to all non affording cancer patients. With your generous donations of Rs. 1.02 Billion we have purchased four state of the art radiation machines and have the capacity to install two more. Cancer Care Hospital will now be able to provide free cancer treatment to more then 15000 patients per year. That's 15,000 lives your generous support will save from untimely death and unnecessary pain & suffering. Prof. Dr. Shaharyar strongly advocates that the provision of health care services should be considered a fundamental human right and these should be provided free of cost to every citizen without any discrimination.

FREE RADIATION TREATMENT IN PAKISTAN

Prof. Areesha Zaman is an **eminent nuclear scientist** & has **36 years** of experience in Medical Radiation Physics. She is the senior most medical physicist in the country. She has more than **40 international publications** to her credit. She is an excellent teacher. She has worked as an expert for International Atomic Energy Agency for developing countries. **She is Board Member & Director Medical Radiation of Cancer Care Hospital & Research Center.** Here she has established Radiation Block, designed six radiation bunkers & installed radiotherapy equipment.

Majority of cancer patients require some type of radiation treatment during the course of their illness. Previously, due to a shortage of radiation machines, patients had to wait for 5 to 8 months and had to pay Rs. 4-6 Lacs for radiation treatment in expensive private hospitals. During this period, too many patients either died or saw their disease progress. Cancer Care Hospital aims to tackle such preventable deaths in Pakistan and is now providing **free of cost radiation therapy** to all patients, with four state of art radiation treatment machines for this purpose.

INSTITUTE OF PALLIATIVE CARE: FIRST EVER IN PAKISTAN

Institute of palliative care will start admitting patients with completion of the unit in November 2020. Outpatient facility has been functioning for the last 2 years. More than 200 patients have been seen as outpatient and subsequently managed at home by telemedicine. **Services being Provided:** Pain management consultation, Distressing symptom management, Providing guidance to family on how to manage patients at home.

Dr. Riaz-ur-Rehman is a renowned Palliative Care Physician and Oncologist, who has accepted the challenge to set up the first hospital based palliative care unit with a hospice at home program, and to run a training program for the doctors/nurses.

FREE OUT PATIENT DEPARTMENT (OPD)

Four leading Oncologists of the country provide **Free Cancer Diagnosis and Treatment** to approximately 100 patients on daily basis at Cancer Care Hospital, Out Patient Department.

FREE OF COST BREAST SURGERY IN PAKISTAN

Dr. Hammad Raza Sheikh has been performing free breast cancer surgeries since December, 2017 for Cancer Care Hospital. He has been trained in University Hospital Aintree, in UK and has worked as a consultant in Royal Shrewsbury Breast Center in UK. He is an **oncoplastic, reconstructive** breast surgeon. He has over **ten years of experience** in treating breast cancer patients in UK and now has performed **breast cancer surgeries** on the platform of Cancer Care Hospital. Cancer Care Hospital is providing **free of cost** treatment to breast cancer patients in Pakistan.

FREE OF COST MAMMOGRAPHY SERVICES IN PAKISTAN

Cancer Care Hospital has spent Rs. 150 Million approximately on free mass breast cancer screening program for the under privileged. This burden has also been shared by MJF Lions Club Lahore. This free mammography service has expanded to all of Pakistan. It is the only hospital in the country providing **free** Breast Cancer Screening at the door steps of under privileged communities throughout Pakistan. This is the only program in Pakistan committed to the early detection of breast cancer.

THREE STORIED SARAI : APPEAL FOR URGENT FUNDING

The Foundation Stone of Sarai was laid on The 26th of January, 2019 by “Dr. Mehmood Shaukat” Professor of Paediatric Surgery.

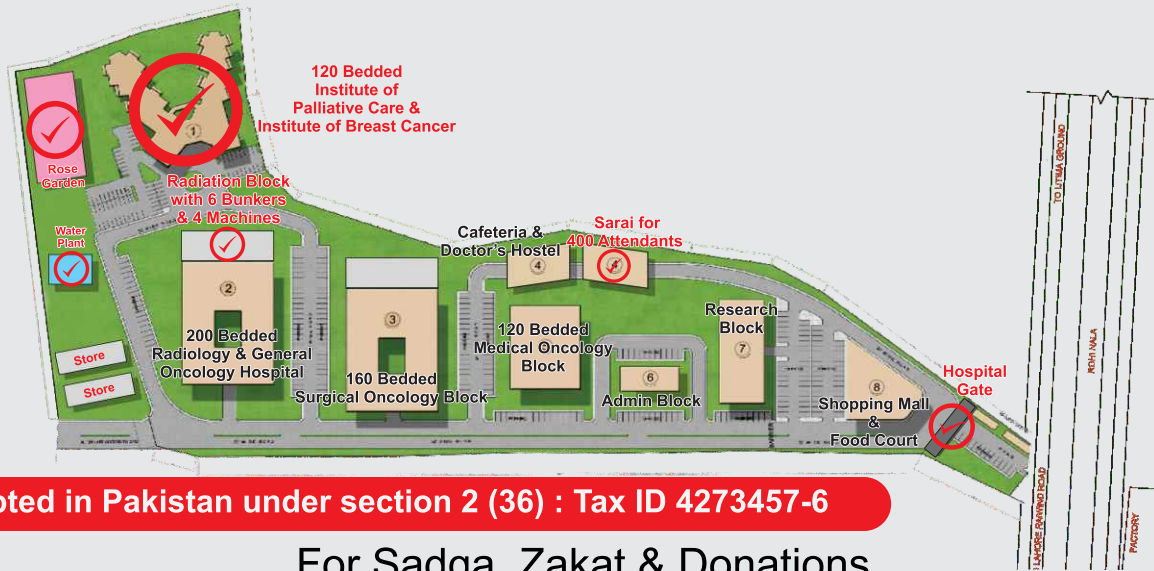

To accommodate the attendants of cancer patients and outstation patients receiving radiation treatment, Cancer Care Hospital is building a three storied Sarai. The Sarai will accommodate 400 persons, with **100% free of cost** boarding, lodging and hot meals. Construction work began on this Sarai in March 2019.

**We urgently need Rs. 4 Crore
for the completion of this Sarai.**
