State of the Art Cancer Care Hospital

NEWS LETTER 2021

Prof. Dr. Shaharyar

A MESSAGE FROM THE CHAIRPERSON

My dearest Cancer Patients, generous donors, doctors, paramedics, team members of Cancer Care Hospital & Research Centre.

The year 2020 was a very difficult year but we are glad to report that we survived the Covid 19 onslaught and continue to fight cancer with your active help and prayers. Every Pakistani would be very proud to know that Cancer Care Hospital is treating 300 patients per day and treatment for cancer patients has not halted whatsoever during the year.

Year 2021 will certainly bring its share of challenges and we are ready to face the same with hope and courage, InshAllah. Cancer Care Hospital wishes all countrymen a warm welcome to the new year with an undying promise to help humanity with the utmost zeal and dedication.

Regards,
Prof. Dr. Shaharyar

The Team That Leads Pakistan

Prof. Dr. Shaharyar
Chairperson

He is an eminent and well-known figure in Pakistan's oncology community. A popular and highly-respected Professor of Oncology with a teaching experience of 36 years. As a physician, he has treated over 150,000 cancer patients.

He is the founder of Cancer Care Hospital, a large, 400-bedded charitable cancer hospital, spread over an area of 27 acres. At Cancer Care, treatment is free of cost and no patient is refused.

He strongly advocates for the provision of healthcare services to be considered a fundamental human right and that the same should be provided free of cost to every citizen without discrimination.

Prof. Areesha Zaman
Director Medical Radiation

She is an eminent nuclear scientist, with 36 years of experience in Medical Radiation Physics. She is the senior-most medical physicist in the country, with over 40 international publications to her credit. She has worked as a leading expert for the International Atomic Energy Agency for developing countries.

She is a Board Member & Director / Head of Department Medical Radiation Physics at Cancer Care Hospital & Research Centre. She is Looking after two Cobalt-60 Teletherapy machines, two Digital simulator and 6 MV Linear Accelerators. Radiation Block of Cancer Care Hospital is fully functional and is catering more than 200 cancer patients daily.

Dr. Riaz-ur-Rahman
HOD Institute of Palliative Care
Consultant Palliative Physician

He is a renowned Palliative Care Physician and Oncologist who has worked in a number of different countries and medical cultures. Trained in Palliative Medicine at Flinders University in Australia, he is providing palliative care services on an out-patient basis and providing home care services and follow-up with our telemedicine facilities.

He has managed more than 500 patients at CCH&RC. On average, each patient is being provided services for a span of 6 months to one year as a part of continued care, a practice that is generally neglected in Pakistan's healthcare system. He is also a Board Member of Cancer Care Hospital.

Mrs. Ghazala Tariq
Director Administration

Mrs. Ghazala Tariq has been an integral part of Cancer Care since its inception as Director of Administration. With over 30 years of experience as an administrator at the Lahore Grammar School, encouraging a focus on extra-curricular activities in Pakistan's youth, she is meticulously managing multiple areas in Cancer Care's development and operation.

Her efficiency in developing, planning, supervising and designing hospital space has been beyond commendable.

Mrs. Ghazala Tariq's attention to detail, commitment to excellence and work ethic as well as her hard work in raising funds, both at home and abroad, have been integral in Cancer Care's progression from dream to reality.

In short she is a star that shines every day and inspire all. Ghazala Tariq is an active Board Member of Cancer Care Hospital.

“Everyone has been made for some particular work, & the

an's Leading Cancer Hospital

Dr. Muhammad Fiaz
Consultant Clinical Radiologist

He is a consultant in the field of radiology, holding a fellowship of college of physicians and surgeons in this field. He is currently pursuing his interest in interventional radiology by doing a fellowship in SGH in Singapore.

Dr. Fiaz's interests are interventional radiology and his research activities are focused on mediastinal and CNS masses.

He has published on cervical assessments in predicting pre-birth, conjoined twins, ultrasound for prevolume in IUGR and tumours amongst others. He has widely participated in national and international seminars and conferences, receiving an honorary fellowship as well. He is a Board Member and Consultant Clinical Radiologist at Cancer Care Hospital.

Dr. Hammad Raza Sheikh
Oncoplastic Breast & General Surgeon

Brig. (R) Dr. Shahid Rasul
